ADMISSION PROCEDURES

The admission process consists of different steps, which vary depending on your status.

- 3) **ADMISSION TEST FOR RESTRICTED ACCESS PROGRAMMES:** Some programs (eg. Medicine and Surgery) have a local or national quota, meaning that to gain access, one must pass an admission test and be awarded one of the available places. Admission rules and deadlines are governed by specific notices available on our main website www.univpm.it
- 4) **ENROLMENT:** The last step is the registration phase, scheduled to begin in mid-July 2025. **Visa students** must have obtained a student visa to begin the matriculation application. Further info in the dedicated pages.

Should we need to request additional documents or clarification, we will contact you.

Please, note that if you're a VISA applicant, in case of admission or admission under condition, the official pre-admission LETTER will be sent once we validate your pre-enrolment application on the University portal.

UNIVERSITALY PRE-ENROLMENT (VISA applicants)

International students applying for a study visa, following successful pre-admission, must submit a pre-enrolment application on the University ministerial portal.

Note well: before submitting your pre-enrolment application, we encourage you to **review the ministerial circular governing admission for students applying for a study-enrolment visa**, published on April 30th, 2026, as **several new provisions have been introduced that we invite you to carefully consider** (quotas, financial and housing requirements, mandatory documentation to be submitted to the embassy/consulate, see pages 16-18).

In particular, **the following academic documents are required when applying for a visa at the Embassy** and **we strongly encourage** to provide them in the pre-enrolment application to quick its validation:

1. **Entrance qualification and marksheet or transcript or diploma supplement** (the same provided in the pre-admission portal), **both in original language and sworn translation into English or Italian**. All pages in colour, front and back must be provided and with evidence of any eventual authentication stamps.
2. **CIMEA Comparability statement**, or **ARDI** correspondence statement (only for signatory countries to the Lisbon convention). As alternative, you can provide **Declaration of Value** issued by the Italian Embassy or Consulate located in the country where the qualification was awarded.
3. **CIMEA statement of Verification** or, as alternative, **Apostille or legalization** issued by the Italian embassy or consulate in the country where the qualification has been awarded. In this last case, both the original qualification and its translation must be legalized or apostilled and ALL pages must be provided.
4. **Language proficiency certification of B2 level**, depending on the language of instruction of the program, issued by an international recognized institution. As alternative, a statement of passing a proficiency test, organized by the University, that assess all the four competences (oral/written comprehension and oral/written production)

5. Additional documents :

- Academic entrance examination: If mandatory in the country where the diploma was awarded (ex: Gao-Kao for China, Vestibular or ENEM in Brazil, YKS in Turkey, UTME in Nigeria ...)
- Compensation year(s) for diplomas obtained with less than 12 years of schooling: **provide both** an official transcript and statement confirming the successful completion of the first year (or two years) of university. Alternatively, you can provide a Foundation Year certificate (compensating 1 year) from a foreign or Italian university, or a post-secondary qualification from a recognized institution.

VISA applicants will receive their letter of admission at the same time as their pre-enrolment application is verified and validated on the University portal.

Please, note that only applications validated without conditions will be accepted by the Embassy, with the exception of those applying for restricted access programs and those who have still to obtain their qualification. **For this reason, it's important you provide documentation or proof of authenticity** (legalisation/apostille or verification certificate from CIMEA, or provide information on digital tools for online verification of qualifications).

Once we have validated your application, **you will receive a summary of your pre-enrolment application through the UNIVERSITY portal** that you will have to present to the Italian Embassy or Consulate in your Country. The visa procedure may vary according to the provisions issued by each Italian Embassy or Consulate abroad and it is the candidate's responsibility to inquire about specific procedures and deadlines. **Make sure you arrive at your appointment with the embassy with all the required documentation**, to avoid your visa application being rejected. Visa request must be completed by the deadline established by the Italian Ministry of University set on 30th November 2026. Please, check procedures and deadlines for limited access courses.

MINIMUM ENTRY REQUIREMENTS FOR QUALIFICATIONS AWARDED IN FOREIGN EDUCATION SYSTEMS (non-Italian).

The International students' admission office supports prospective students with foreign qualifications in understanding whether their high school diploma or bachelor's degree meets the admission requirements, according to Italian regulations (see Annex 1 and 2 of annual [Ministerial Circular](#)) and according to any possible change in the corresponding foreign education system.

Important information:

- The details below are for **reference only**. Even if your qualification is not listed, you can still apply and have it assessed.
- Always **refer to the country of the institution that awarded your qualification**. For example, if you studied in India but followed an American curriculum, check the requirements for USA qualifications.

Please, READ VERY CAREFULLY:

- ✓ A positive pre-evaluation by the academic committees does **not** guarantee admission. The final decision on whether your qualification meets formal requirements, passes authenticity checks, and allows access to your chosen degree program **rests with the International Students' Admission Office**.
- ✓ Academic committees may set **additional admission requirements** beyond the formal ones.
- ✓ According to CIMEA guidelines, non-Italian secondary school qualifications are valid only if obtained **after at least two years of successful attendance in the foreign system**.
- ✓ Therefore, provide secondary school transcripts for **at least grades 11 and 12**. If you have a transnational education, include transcripts for all grades.
- ✓ If your qualification was obtained with **less than 12 years of schooling**, you must provide proof of completing an integrative year or a foundation year from an officially accredited higher education or post-secondary institution.
- ✓ If your diploma or degree includes **security features that allow secure digital verification**, upload the original digital documents during pre-evaluation, pre-enrolment, and enrolment.
- ✓ Higher education qualifications must be issued from an **official accredited institution recognized from the authorities of the country where is established**. If we cannot verify accreditation, we will request additional documentation.
- ✓ **Don't' forget to comply with the language requirement for your chosen program:** Italian B2 level for courses taught in Italian language; English B2 level for courses taught in English language (see call of application for restricted access courses).

Importazione dei dati csv

E' possibile agire sulle domande anche attraverso l'importazione di file CSV, partendo da un elenco domande precedentemente esportato dalla piattaforma e salvato in formato CSV UTF-8.

Per modificare gli attributi delle APPLICATIONS, è necessario che sia presente la colonna **CUSTOM APPLICATION ID, ovvero il numero identificativo di ciascuna application.**

Il file CSV da importare dovrà contenere necessariamente la colonna del CUSTOM APPLICATION ID e la colonna dei dati da modificare (es: ADMISSION STATUS). Nel caso di modifica degli stati di ammissione, ad esempio, il nome dello stato dovrà corrispondere esattamente a quello riportato nella piattaforma (es: **ELIGIBLE BY THE COMMISSION / NOT ELIGIBLE BY THE COMMISSION / VALID FOR THE INTERVIEW/TEST**)

Nella schermata successiva, viene richiesto di associare alle colonne del file CSV da importare i campi (label) corrispondenti, ovvero presenti nella domanda di ammissione in MOVE_IN. E' possibile salvare l'associazione (MAPPING) per poterla utilizzare in seguito. Conclusa l'associazione si può procedere al caricamento del file. Il sistema genera un report qualora vi fossero errori di associazione/importazione dei dati.

Esportazione/importazione dei dati e azioni massive

Dalla sezione **VIEWS**, cliccando su più di una applications o su tutte, si apre un menù a tendina dove è possibile svolgere delle **azioni massive sulle domande selezionate**, come ad esempio :

- esportare le domande in file csv/excel,
- **scrivere note interne**,
- **assegnare dei compiti (task)** ad un altro membro della commissione/ufficio
- fare degli **aggiornamenti massivi (bulk action)** sulle domande: esempio per aggiornare i motivi di rigetto degli studenti considerati non ammissibili.

Prima di esportare le domande in file CSV/excel è necessario impostare la visualizzazione delle domande con le colonne/ informazioni desiderate (si veda slide precedenti). Consigliamo di non cambiare il formato del file esportato.

SI RACCOMANDA DI FARE PARTICOLARE ATTENZIONE AD EVENTUALI AGGIORNAMENTI DI STATUS MASSIVI e di CONTATTARE IL PRESENTE UFFICIO PER UN CONFRONTO PRIMA DI PROCEDERE.

The image shows two screenshots of the UNIVPM application management interface. The top screenshot displays the 'all apps - 19 Results' view with a table of applications. A dropdown menu is open over the table, showing various actions: 'Export to csv/excel', 'Email', 'Document', 'Internal Note', 'Task', 'Bulk Update', 'Export Application', 'Activate Portal Account', and 'Block Portal Account'. The bottom screenshot shows the 'BULK UPDATE [APPLICATION] STEP 2 OF 2' form. It includes a checkbox for 'Academics Rejection Reason 1' and a dropdown menu for selecting a reason: 'Academic background not compatible', 'Personal preparation not adequate', and 'Documentation missing/incomplete'. There are also buttons for 'Finish', 'Cancel', and 'Back'.

Importazione dei dati csv

E' possibile agire sulle domande anche attraverso l'importazione di file CSV, partendo da un elenco domande precedentemente esportato dalla piattaforma e salvato in formato CSV UTF-8.

Per modificare gli attributi delle domande, è necessario che sia presente la colonna **CUSTOM APPLICATION ID, ovvero il numero identificativo di ciascuna application.**

Il file CSV da importare dovrà contenere necessariamente la colonna del CUSTOM APPLICATION ID e la colonna dei dati da modificare (es: ADMISSION STATUS). Nel caso di modifica degli stati di ammissione, ad esempio, il nome dello stato dovrà corrispondere esattamente a quello riportato nella piattaforma (es: ELIGIBLE BY THE COMMISSION / NOT ELIGIBLE BY THE COMMISSION / VALID FOR THE INTERVIEW/TEST)

Nella schermata successiva, viene richiesto di associare alle colonne del file CSV da importare i campi (label) corrispondenti, ovvero presenti nella domanda di ammissione in MOVE_IN. E' possibile salvare l'associazione (MAPPING) per poterla utilizzare in seguito. Conclusa l'associazione si può procedere al caricamento del file. Il sistema genera un report qualora vi fossero errori di associazione/importazione dei dati.
